

ARDEX BG 140 HP

HIGH PERFORMANCE CLASS-C-TYPE CONSTRUCTION GROUT

ARDEX BG 140 HP is a high-performance, high-strength, Class-C-Type construction grout that can be mixed to a fluid, flowable or plastic mix and is suitable for a wide range of projects and applications. The cement-based formulation contains additives that provide positive expansion when the grout is in its plastic state as well as in its hardened state.

- Superior initial and final strength
- Excellent flow
- Versatile - flowable, trowelable, pumpable
- Positive expansion in both plastic and hardened state
- Non-hydrogen gas forming
- Ideal for precision grouting applications
- Suitable for applications from 12-100mm

Typical uses:

- Critical equipment support
- Machine bases and base plates
- Precast panel connections
- Underpinning
- Conveyor supports
- Column bases (steel & precast concrete)

Final set times

- Fluid: 6 hours
- Flowable: 3-4 hours
- Trowelable: 1-2 hours

Packaging

20kg bag

Code

30101
