

ARDEX BR 10 ZP

ZINC-RICH PRIMER

ARDEX BR 10 ZP is a zinc-rich, cold galvanising primer for long-term, extra heavy duty corrosion protection. Designed to prevent corrosion through galvanic protection by forming a protection barrier, encapsulating the metal in a zinc film. ARDEX BR 10 ZP will react on ferrous metals to replace damaged surfaces and provide a protective barrier.

- Single-part
- Easy to apply
- Designed for long-term, extra heavy duty corrosion protection
- Fast cure - touch dry in 30 mins
- Allows for quick turnaround of concrete repairs
- Ideal for highly corrosive environments on all structural steelwork
- Dry film heat resistant to 200°C

Cure time

- Touch dry: 30 mins
- Recoat: 16 hours

Packaging

1L pail

Code

25472

Location

- Internal or external
- Highly corrosive environments such as industrial or marine
- Structural steelwork
