

ARDEX RA 030

MOISTURE-CURING EXPANSION JOINT SEALANT

ARDEX RA 030 is a one-component, moisture curing, professional grade, elastomeric, polyether expansion joint sealant. It has excellent bond strength to most porous and non-porous substrates without the use of a primer. ARDEX RA 030 is non-sag and may be applied on vertical and horizontal surfaces.

Benefits

- No bubble formation or foaming during installation on damp surfaces
- Excellent primerless adhesion to most substrates
- Excellent weathering and UV stability
- Can be painted over
- Movement capability: +/- 35% of joint width
- No isocyanates, solvents, halogens, or acids
- Non-sag formulation provides versatile application options
- No offensive odour
- Service temperature range: -40°C to 90°C

Uses and Applications

- Expansion joints with anticipated movement up to 35%
- Joint sealing in prefabricated and tilt-up buildings
- Sealing between window and door frames
- Sealing moving cracks, not exposed to heavy traffic

Size

ARDEX RA 030 is sold in a 600ml sausage.

Packaging

Sausage

Code

24540
