

ARDEX RA 84

ULTRA-FAST CURE ACRYLIC ADHESIVE

ARDEX RA 84 is a two-component, non-sag, styrene-free, acrylic system used for anchoring and dowelling applications in uncracked concrete using threaded rod and rebar. Due to its ultra-fast cure time, it is an ideal capping gel for ARDEX Crack Injection applications. ARDEX RA 84 is moisture insensitive, and can cure in damp, water-saturated environments.

- Ultra-fast cure time - full cure in 30 minutes
- Moisture insensitive
- Suitable for use on damp substrates
- High bond strength
- Styrene free
- Service temperature: -40 - 80°C
- Easily dispensable even at low temperatures
- Ready to apply - no mixing needed
- Non-sag

Cure time

- Dry concrete: 30 mins
- Damp concrete: 60 mins

Packaging

300mL

Code

30509

Typical uses

- Adhering dowel bars and tie bars for full-depth concrete repairs
- Short term tensile anchoring and shear loading
- Bonding agent
- Capping gel for ARDEX Crack Injection applications
